

Opportunities in the New Year

2017 Contributions

The beginning of a new year is often a time of reflection about the future—including your plans for retirement and whether you are taking the best advantage of your savings opportunities. The voluntary retirement plan we provide is an excellent way to help ensure your financial stability after retirement.

The basic contribution limit for 2017 is \$18,000 and you may be able to save even more! To learn about opportunities that may apply to you log into www.planconnect.com.

Select "References > Plan Information > Your Plan Features"

Need to get started?

Enrollment is easy and may be one of the most important things you do this year:

- First, contact an approved investment provider of your choice to set up your account.

For a list of approved providers, [log in](#) and select "My Investments > Investment Providers."

- Next, complete a Salary Reduction Agreement to start payroll deductions by clicking [here](#).
